MR. HEARST'S "HOLLER"

New York Election Goes to the Supreme Court

CONTEST STARTED

The Landslides in Pennsylvania and Ohio Were Not Diminished by the Later Returns.

Washington, Nov. 8.—The election of John M. Pattison, democrat, as governor of Ohio by approximately 40,000 plurality over Myron T. Herrick, the present republican governor; a working majority in both houses of the Ohio legislature; an immediate appeal of W. R. Hearst, municipal ownership candidate for the New York majority, to the supreme court to contest McClellan's election in that city on the basis of alleged evidence of wholesale illegal acts at the polls; a plurality of 3,485 votes for McClellan; and an immediate contest by fusionists in Louisville in the courts against the election of the democratic municipal officers and members of the legislature, were the developments in today's election aftermath.

McClellan's plurality is the minimum on record for a successful majority candidate in New York. Mr. Hearst's managers claim evidence of illegal acts against 1,000 inspectors of election and that 30,000 of his adherents were turned back from the polls because of the names having already been voted. District Attorney Jerome has announced that he will immediately make a searching investigation of the alleged wholesale frauds, and has ordered the returns from the eighth and sixth assembly districts to be carefully guarded. These are the home districts of Tammany leader Murphy and Timothy Sullivan.

In Louisville the fusion party managers claim a non-election in fourteen precincts because of the disappearance of the election paraphernalia; that democratic workers confiscated the ballot boxes in fourteen other precincts and allowed falsification of returns, and they allege activity of thugs and repeaters.

All through Ohio belated returns showed republican losses, and republicans concede that Pattison's plurality

reaches 25,000. The democrats claim that Pattison's plurality approximates 55,000, which would elect the entire democratic ticket. The republicans concede democrats between two and five majority in the next senate and ten to fifteen in the house, while the democratic claim is a majority of five in the senate and twenty-seven in the house.

The city party reform plurality in Philadelphia is 43,333 for sheriff, and the fusion candidate for state treasurer, Berry, carried the city by over 36,000 plurality. The upheaval was the greatest in many years. The Maryland legislative situation is in doubt. In Rhode Island the republican gubernatorial candidate has a plurality estimated at 5,000, and Providence elected a republican mayor for the first time in many years.

In Massachusetts democratic threats are made of a re-count of the vote for lieutenant-governor. The republicans scored 23,115 plurality for Guild for governor, though Draper, for lieutenant-governor, got less than 2,000 plurality. The democrats gained three senators and one representative in the legislature.

Every candidate of the union labor party in San Francisco was elected by a substantial majority. In Salt Lake the anti-Mormon victory is made complete by the election of the entire American party ticket.

The Kentucky legislature, which will elect a successor to Senator Blackburn, apparently will include thirty-one democrats, five republicans, and two doubtful in the senate, and seventy-nine democrats, fourteen republicans, and seven doubtful in the house. The democrats elected a mayor in Louisville by about 2,500.

Nebraska was swept by the republicans. Returns from other states and cities show notable changes.

President Roosevelt and members of the cabinet received the latest returns from the various states and cities from different sources during the day and night, and showed a keen interest in the results. Some surprise was evinced here at the political revolution in Pennsylvania and Ohio, and at the close margin of the majority vote in New York.

REAL FIGHT BEGINNING.

McClellan's Election Is Not Yet Assured.
New York, Nov. 8.—That a bitter fight will be waged in the courts to decide whether Geo. B. McClellan or Wm. Randolph Hearst is to be mayor of New York for the next four years is now assured. Complete returns give McClellan a plurality of 3,485 votes, the smallest ever recorded for a successful majority candidate, and a result which might readily be reversed by a recount of the ballots.

Mr. Hearst today announced his intention to take an immediate appeal to the supreme court, his managers having declared that they had secured evidence of illegal acts against 1,000 inspectors of the election and that 30,000 Hearst men who went to the polls to vote for Mr. Hearst had found that their names had already been voted. Most of this fraudulent voting is said to have been done in east side assembly districts, especially in the eighth, ninth, and tenth, which are actually for Mr. Hearst's home district, and in the sixth, of which Timothy D. Sullivan is the leader.

Mr. Hearst's proposed action met with warm approval in many quarters, even among those who opposed his election, and he received many assurances of support. District Attorney Jerome expressed himself in terms of strong approval of Mr. Hearst's program and declared that he would immediately institute a searching investigation of the alleged democratic frauds. He also ordered the returns from the eighth and sixth districts carefully guarded. Ira C. Darrin, the newly elected district attorney of Queens county on the republican ticket, made a similar statement. Wm. L. Ivins, the defeated republican candidate for mayor, also commended Mr. Hearst's action, and expressed the belief that a recount would show that Mr. Hearst had been elected.

After a secret session of the executive committee of Tammany hall held this afternoon, the following statement was issued: "The executive committee of the democratic organization protests against the outrageous published threat of the defeated candidate of the Municipal Ownership league to overthrow the will of the people as expressed by the vote cast on election day, and directs its law committee to exert its best efforts and take such steps and institute such proceedings as will safeguard the election of Geo. B. McClellan as mayor of New York. We also call on the commissioner of police and custodian of the ballots to preserve the same intact from all interference from any unauthorized source."

Some of the leaders after the conference expressed the opinion that the returns showed a censure of Mr. Murphy's leadership, and that he should, as a result, step down and out and make room for a man against whom nothing could be charged. They thought it was time for Geo. B. McClellan to assume the leadership himself.

HEARST'S STATEMENT.

He Will Make It Possible For Honest Votes To Be Counted.
New York, Nov. 8.—A campaign to defeat Tammany hall in the supreme court and to declare Wm. Randolph Hearst the rightfully elected mayor of New York yesterday in place of Geo. B. McClellan was inaugurated at a crowded meeting of the Municipal Ownership league leaders today. At its close Mr. Hearst said: "We are going to fight today, tomorrow, next month and next year to make it possible for a man to cast an honest vote and to prevent in the future conditions being as disgraceful as they were yesterday, especially in Sullivan and Murphy districts, and we will invoke every legal means to have every ballot honestly counted. THE INDIANAPOLIS RESULT.
Indianapolis, Ind., Nov. 8.—Returns of the city election in Indianapolis officially give Charles A. Bookwalter, the republican candidate for mayor, a plurality of 1,661 over his democratic opponent, Mayor John W. Holtzman. The other republican candidates are elected by smaller pluralities, and the republicans will again have a majority in the city council.

THE LOUISVILLE CONTEST.
Louisville, Nov. 8.—The managers of the fusion party met this afternoon and announced that they had decided to contest in the courts the election of the democratic ticket for municipal officers and members of the legislature. It is alleged that in fourteen precincts no election was held at all owing to the disappearance of the election booths, books, etc., and that in fourteen additional precincts the ballot boxes were confiscated by democratic workers before the returns were certified to, thus allowing the result to be falsified, and finally that in a large number of other precincts gangs of armed thugs and repeaters collected in some instances by the police cast many fraudulent ballots besides preventing lawful voters from voting.

offer of money from business men to aid us in this appeal."

Mr. Hearst's lieutenants then announced that with evidence that 30,000 Hearst men were defrauded of their right to vote yesterday, and that 1,000 election inspectors were guilty of illegal acts, the contest would be carried immediately over the heads of the board of county canvassers into the supreme court. They said the object of this plan was to secure a speedy and final answer, and that money was not to be spared in engaging special counsel in all parts of the United States to make this plan succeed.

The leaders said that in less than twenty-four hours after the polls closed the Municipal Ownership league had secured over 1,000 affidavits charging illegal acts against about 1,000 election inspectors. These affidavits state that the inspectors in question were Tammany men. Mr. Hearst himself said that within a year "a chain of these men" would be sent to Sing Sing. It was also stated that in East Side assembly districts, including the eighth, ninth, and tenth, Mr. Murphy's home district, affidavits had been secured to show that at least 30,000 voters were illegally cast yesterday on the names of voters who went to the polls to vote for Mr. Hearst and the Municipal Ownership league ticket, but who, when they arrived, found their names voted upon already.

THE ACTION BEGUN.

New York, Nov. 8.—Col. Alexander Bacon and F. B. Brown, of counsel for William Randolph Hearst, and the Municipal Ownership league, called at police headquarters late tonight and served an order from Justice Gaynor on Captain Cruise, in charge of the headquarters at night. The order was actually for Commissioner McAdoo, and the captain was served as his representative. He immediately telephoned the order to Mr. McAdoo. The order of the court directed that Mr. McAdoo have every ballot box in the city of New York sent to the bureau of elections.

PATTISON'S PLURALITY.
Cincinnati, Nov. 8.—The Times-Star has prepared a careful tabulation of the vote of all counties in the state, based on the best estimates obtainable, which shows a plurality for Pattison of 31,728.

THE OHIO DISASTER.

It Grows in Extent With the Later Returns.
Columbus, O., Nov. 8.—That John M. Pattison has been elected governor for the next three years by a plurality running well above 40,000 is settled tonight, as also is the working democratic majority in both houses of the legislature. There is still some uncertainty as to the remainder of the state ticket. The earlier returns were apparently from sections favorable to the governor, for he held a lead over the rest of his ticket today, while a fuller return from the country districts cut into his vote severely, and by the middle of the afternoon he seemed to be over forty thousand votes behind his ticket. If that difference stands, the victory of these other officers will depend on the size of Pattison's plurality, with the change in favor of the entire democratic list.

Chairman Garber figured tonight that the pluralities for Pattison would be close to 55,000, in which event the entire democratic ticket was safe. The widespread scratching of tickets caused such delay in the counting that thirty hours after the close of the polls there was still an uncertainty, notwithstanding the overwhelming nature of the democratic victory.

VICTORIOUS REJOICING.
Mayor Weaver the Center of a Big Demonstration.
Philadelphia, Nov. 8.—There was a great demonstration at the mayor's office today by the victorious city party leaders and hundreds of workers of the reform administration who had assembled at the city party headquarters to offer congratulations to the successful candidates formed in line, and headed today by Mayor Weaver. The men marched through the streets to the city hall. Each carried a flag and the enthusiasm was so great that hundreds of people on the street caught the spirit and joined the marchers. The men marched into Mayor Weaver's large reception room and cheered him, while the bands played. Mayor Weaver was lifted on a table and made a stirring speech, in which he paid a warm tribute to the police for their loyalty to duty. He gave the people credit for the victory, and said it was the cleanest election held in Philadelphia in many years.

The managers of the reform movement interest once to begin the campaign for the February election. A staff of attorneys employed by the reform leaders is at work preparing to bring about 200 prosecutions for offenses against the ballot laws.

THE VARIOUS KINDS OF LIFE INSURANCE

Investigation of New York Companies Has Been Resumed.

New York, Nov. 8.—In the testimony of John R. Hegeman, president of the Metropolitan Life Insurance company, before the insurance investigating committee, upon resumption of the insurance inquiry today it was brought out that industrial insurance was considerably more expensive than other forms of life insurance, and Mr. Hegeman, after classing industrial insurance as retail and the ordinary life as wholesale, illustrated the fact by an example in which for a stated age it was shown that for a \$1,000 policy of ordinary life, the Metropolitan charged \$16.55 annually, while for \$984, the nearest amount for the stated age under the industrial plan, \$31.20 was charged. Mr. Hegeman was on the stand the greater part of the afternoon and his testimony was along the line of the amount of the company's increase in business.

At the morning session, Emory McClintock, actuary of the Mutual Life Insurance company, who had been examined in part at previous sessions, was called and continued his testimony on technical insurance.

AN ARIZONA JUDGE FREDERICK S. NAVE

J. L. B. Alexander also Appointed United States Attorney for This Territory

Both Appointees Will Take the Oath of Office on the Assembling of the Supreme Court on November 17.

Washington, Nov. 8.—The president today appointed Frederick S. Nave, of Tucson, Arizona, associate justice of that territory, to succeed Eugene Tucker, and J. L. B. Alexander, of Phoenix, to be United States Attorney, to succeed Mr. Nave. The appointment of Mr. Nave was made on receipt today of a letter from Judge Paul Jensen, of Nebraska City, Neb., declining the appointment of associate justice of Arizona to succeed Judge Tucker.

The appointment of these two gentlemen, though it had been prematurely announced, could not have been said to be unexpected. Previous to the appointment of Judge Tucker last spring it was thought that Mr. Nave, who had been warmly endorsed both at home and abroad, would be given the new judgeship. It was afterward understood that he would be taken care of later. After the appointment of Judge Jensen, the same understanding prevailed, but when the Republican announced nearly a week ago that Judge Jensen had declined the appointment, it was thought unlikely that President Roosevelt would go back to Nebraska, and the appointment which was given to Mr. Nave yesterday was regarded almost with certainty.

It has been known for months that Captain Alexander was to succeed to the United States attorneyship, and it was understood that his appointment would be made immediately upon the appointment of Mr. Nave to some other position, though he did not expect it to come before the first of the year. The news of the appointments was

received in Phoenix about the middle of the afternoon. Mr. Nave had come down from Prescott in the morning. He had no word from Washington regarding the intention of the president to appoint him. Word was taken to him at his chambers in the court house, and thereafter through the afternoon he and Captain Alexander were kept busy receiving congratulations in person and by telephone.

It is supposed that their commissions will be mailed at once, and in that event they will arrive here by the early part of next week. Both will then take the oath of office on the opening day of the supreme court, November 17.

Mr. Nave has been a resident of the territory for eight years. His early life had been spent with his father, Rev. Orville J. Nave, an officer of the United States army, at various posts in the west. From a residence at a Nebraska post he went to the Ohio Wesleyan University, where he was graduated. After that he took a course in law at the Northwestern University. He was admitted to the bar at Chicago, and after six months' practice there he came to Arizona. He was appointed United States attorney nearly four years ago.

Captain Alexander has spent the greater part of his life in Phoenix, and has been engaged in the practice of law here for the past fifteen years, save for his absence from the country as captain of B company of the Rough Riders.

News of the appointment of both Mr. Nave and Captain Alexander was received in Phoenix with great satisfaction.

REVOLUTION DYING OUT

It Was Horrible While it Lasted

Details of the Most Revolting Butcheries of the Socialists Drifting Into St. Petersburg.

St. Petersburg, Nov. 8.—The revolutionary wave continues to subside except in the Caucasus. As the details of what happened throughout European Russia during the upheaval arrive, the stories grow more revolting. In the Baltic provinces revolt and incendiarism prevail. In Poland even the clergy, Catholic and Protestant, participated in the manifestations in favor of the autonomy of the ancient kingdom. In southwestern Russia hardly a city of town escaped the Jewish massacre.

At Tomsk, Siberia, according to the latest reports received here, the whole population of 40,000 and the military stood by while six hundred men, women and children were burned in a theatre. The court house at Tomsk and the mayor's residence, where the students and revolutionists took refuge from the mob, were burned and those who tried to flee were killed in the streets.

cow, with their knives and axes, upon the students, was one of the most horrible chapters, but not as pitiful, however, as the attack of the black hundred on a procession of school children carrying red flags. When the children sought to escape the police barred the way, and the youthful martyrs were beaten into insensibility and in some cases were actually torn to pieces.

In the Alexander garden in Moscow, Cossacks lay in ambush in the shrubbery and set upon their victims with whips. Many were beaten to death and others were hardly able to crawl away. The reports from the Caucasus show there is no immediate prospect of suppressing the present state of anarchy. The battles between Tartars and Armenians continue and the destruction of the railroads and the lack of troops make it impossible for the authorities to cope with the situation.
